SUMMARY

Experienced product management professional with over 20 years in the banking and finance sector. Proven track record of developing and scaling core banking products, notably Infosys Finacle, across global markets. Known for strategic leadership and ability to drive product success from conception to implementation. Adept at leading cross-functional teams and managing complex projects to deliver exceptional results.

WORK EXPERIENCE

Infosys Ltd. - Principal Product Manager
2015 - Present
Led the development and global implementation of Infosys Finacle, increasing installations from 10 to 105 across multiple geographies. Managed a team of 20+ product managers, engineers, and marketers to drive product success. Collaborated with stakeholders to identify market needs and align product strategy accordingly. Conducted market analysis and customer feedback sessions to continuously improve product features and user experience.

Infosys Ltd. - Senior Product Manager
2010 - 2015
Played a key role in the design and development of new features for Infosys Finacle. Coordinated with international teams to ensure successful product deployment. Developed product roadmaps and drove execution against them. Enhanced product scalability and performance, leading to increased market adoption.

Infosys Ltd. - Product Manager
2005 - 2010
Contributed to the initial development of Infosys Finacle, focusing on core banking functionalities. Engaged with clients to gather requirements and ensured seamless product integration. Worked closely with engineering teams to translate business requirements into technical specifications.

Infosys Ltd. - Business Analyst
2001 - 2005
Assisted in the requirements gathering and documentation process for Infosys Finacle. Supported the product management team in market research and competitive analysis. Worked on creating user stories and use cases to guide product development.
